Resume objective

Enthusiastic and dedicated aspiring electrician and recent certificate in Electrical Installation and Maintenance graduate. Worked part-time for 2 years as an assistant to an electrician team doing basic tasks like measuring, cutting, and bending electrical wiring and conduit, per instruction. BGCSE distinctions in mathematics, and design and technology. Second runner-up in SAIEE pan-African competition for up-and-coming electrical engineers in 2021. I have the passion and diligence to become an excellent electrician of tomorrow. An internship at Bolux Group will help me realize my dreams, and in return, I will commit myself entirely to the apprenticeship and become a future star employee.
