ASCP Medical Laboratory Science
Certification

RESUME SUMMARY

Skilled and dedicated BS Med Tech, ASCP certified laboratory technologist with 7+ years experience seeking career growth. Performing various bacteriological, biochemical and microscopic tests to acquire data for use in diagnosis and treatment of disease. Responsible for all laboratory procedures, including specimen collection, processing, testing, quality control and reporting on results. Assist in evaluation of new or modified techniques and orientation and training of new technicians on equipment and software. Keen to further my career in microbiology in particular.
