Licensure and Professional Membership

New Hampshire Licensed Psychologist - NHL137893212 / November 2022

International Association for Correctional and Forensic Psychology (IACFP)

Additional Language

Spanish Fluent

Highly experienced PsyM, BSW, and MTAPA with over 15 years of experience in the New Hampshire correctional services working on programs to prevent offenders from reoffending. Involved in compiling individual and group treatment plans, assessing programs for substance abuse disorder, and assisting offenders with disabilities to cope better. Approving workshops to improve the prison population’s mental health, behavioral health, and overall well-being. Skilled in psychotherapy, crisis intervention, motivational interviewing, various assessments, and inmate classification. The active implementation of programs has seen a decline in reoffending of 35% among the general population and 57% among adolescents.

Work Experience

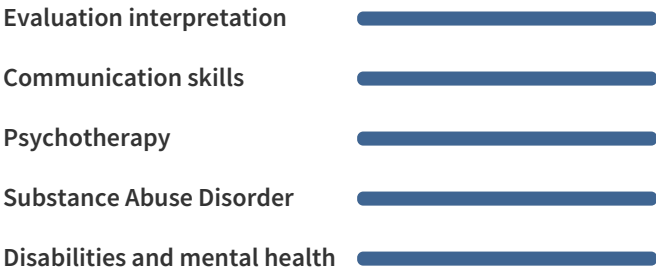

Assistant Forensic Psychologist Mar 2006 - Present
New Hampshire Department of Corrections, Concord

- Conducting sanity, competency, and other court-ordered evaluations, compiling relevant written reports within timelines, and giving court testimony on evaluation results as required
- Utilizing deep knowledge and application of diagnostic terminology in diagnosing mental illness as well as intellectual and developmental disabilities
- Interacting with judges, attorneys, and court staff to gather information and collaborate on cases
- Performing psychological testing and providing documentation of findings
- Assessing inmate suitability for rehabilitation programs and identifying those entirely unsuitable for rehabilitation
- Analyzing, considering, and synthesizing information, data, and evidence from multiple sources
- Collaborating with a team of psychologists, psychiatrists, medical doctors, social workers, and other professionals to create individual treatment plans
- Ensuring workshops and group therapy conform to prescribed frameworks before approval and implementation
- Ensuring group and individual therapy programs are carried out within predetermined timeframes
- Evaluating therapist and facilitator reports on individual inmate participation and progress
- Managing crisis interventions and devising immediate, short, and medium-term treatment for troubled inmates
- Demonstrating ethical conduct in all clinical and professional activities
- Communicating and working with inmates, visitors, and other staff in a manner that shows sensitivity to cultural diversities
- Complying with policies and procedures, accrediting and regulatory bodies, and performance contract documentation requirements

Education and Qualifications

Master of Psychology 2008 - 2012
University of New Hampshire, Durham
