Skills

Process Management	Expert
AutoCAD	Expert
Problem Solving	Expert
Organization	Expert
OSHA Compliance	Expert
Attention to Detail	Expert

Retired United States Army Officer and Mechanical Engineer seeking to lead the team at Solar Cube Automotive in San Diego as the Operations Manager. 15+ years of leadership experience with the US Army Corps of Engineers, with an emphasis on AutoCAD design. Successfully led six overseas deployments involving 200+ troops and 2,500 pieces of heavy equipment. Exceptional problem-solving, analytical thinking, and process management solutions. Always channels constructive criticism into learning opportunities, with an uncanny ability to communicate clearly with all team members.

Summary of Qualifications

- Mechanical Systems Deployment
- Complex Problem Solving
- Budgetary Compliance
- AutoCAD Design
- Leadership and Management
- Multiple Engineering Certifications

Employment Experience

Commanding Officer Oct 2007 - Present
United States Army Corps of Engineers, Arlington, Virginia

- Commanded, managed, and led 200+ enlisted mechanics and heavy equipment operators while demonstrating knowledge, expertise, and leadership skills throughout my career.
- Designed and executed assembly production line for heavy equipment manufacturing facility in Iraq - 2017.
- Led a team of 6 junior officers and mechanical engineers to develop AutoCAD renderings for solar-powered manufacturing support equipment.
- Collaborated with OEM manufacturers to ensure proper fitment, compliance with ASTM testing, and OSHA manufacturing safety standards for raw materials.
- Met manufacturing production goals and budgets each year during a 15-year US Army career.

Education

Commissioned US Army Officer Jul 2007 - Oct 2007
US Army Officer Candidate School, Fort Benning, Georgia

Master's Degree - Mechanical Engineering Sep 2004 - Jun 2007
Colorado School of Mines, Golden, Colorado

Engineering Certifications

- Certified CAD and Digital Manufacturing - 2008
- Certified Energy Manager (CEM) - 2012
- Certified Manufacturing Engineer (CMfgE) - 2012
- Certified Quality Engineer (CQE) - 2010
- Certified Systems Engineering Professional (CSEP) - 2015
