SKILLS

- **Machine Learning**
- **Data Modeling**
- **Data Management**
- **Business Analysis**

Motivated data and business analyst with 10 years of experience in the healthcare and insurance industries. Proven business acumen and expertise to translate business objectives and requirements into highly resilient, scalable, and successful system solutions. Seeking an opportunity to drive the effectiveness of business through making recommendations based on data findings.

WORK EXPERIENCE

Business Analyst Sep 2018 - Oct 2021
ARC Technologies, Dallas

- Analyzed central business intelligence to create reports and presentations that highlighted findings and recommended changes.
- Built annual and monthly reports on company financial metrics to account for deficiencies and assess successes.
- Assigned projects to associates, staffed tasks, and updated involved members to ensure optimal business flow.
- Held interviews with essential business users to collect information on user requirements and business processes.

Data Analyst Apr 2015 - Sep 2018
Wilson Associates, Austin

- Documented business procedures and analyzed procedures to ensure a streamlined and efficient work environment.
- Evaluated importance and consistency of various business intelligence data against needs to decide on optimal courses of action.
- Created library of models and reusable knowledge base assets to produce streamlined and consistent business intelligence results.
