SKILLS

- **Creative Problem Solving**
- **eCommerce Fulfillment**
- **Freight Forwarding**
- **Time Management**
- **Warehousing**
- **Multitasking**
- **Inventory Control**

Proactive problem-solving logistics consultant with 18+ years of shipping, fulfillment, and warehousing experience. A proven, results-driven business consultant who provides management and key stakeholders with practical modern supply chain solutions, product fulfillment, and manufacturing raw materials sourcing. Relies on years of experience with freight forwarding companies, direct manufacturers, and intermodal carriers to ensure all clients streamline their operations without compromising quality.

PRACTICAL EXPERIENCE

Logistics Consultant Aug 2015

3PL Solutions, LLC, Belmont, Texas

- Successfully completed 22 logistics consulting projects with supply chain and manufacturing companies in Texas, while managing more than 500 employees, and reduced logistics costs by an average of 34 percent across all clients.
- Implemented multiple last-mile logistics programs - including integration of cloud-based app development projects.
- Negotiated reduced shipping rates with UPS, Fed Ex, and USPS on behalf of clients.
- Brokered relationships with intermodal shipping providers for expedited fulfillment of electronic raw materials from Taiwan.

Warehouse Fulfillment Manager Jun 2005 - Jul 2016

Franklin & Smith, 3PL, San Marcos, California

- Responsible for analyzing logistics processes for an eCommerce third-party logistics fulfillment center in San Marcos, California.
- Negotiated freight shipping rates with all major carriers, reducing costs by 35% from FY 2016.
- Managed the implementation of automated shipping notifications for customer orders, returns, and repairs, improving customer satisfaction by 33 percent.
- Analyzed fulfillment staffing program and introduced new pull, pack, and process schedule to meet increased consumer demand.

EDUCATION

Supply Chain Management Sep 2000 - May 2004

University of San Diego, San Diego, California
